

FOR IMMEDIATE RELEASE

Bartlett Services, Inc. is Awarded Technical Support Contract by Washington TRU Solutions, LLC

PLYMOUTH, MA, May 3, 2010 – Bartlett Services, Inc. was awarded a Master Task Order (MTO) subcontract by Washington TRU Solutions (WTS) to provide technical support services at WTS Central Characterization Project (CCP) work locations across the Department of Energy complex. The MTO was issued as a firm-fixed price Indefinite-Delivery/Indefinite-Quantity (IDIQ) subcontract for a one-year base period with the option of four one-year extensions. Technical support provided to WTS throughout the life of the subcontract includes, but is not limited to, visual examination operators, radiological control technicians, forklift operators, riggers, project managers and safety professionals.

Bartlett Services, Inc. has been providing quality professional & technical project support services to government and commercial nuclear facilities for over 30 years.
